

START-STRONG MATH™

Schoolwide Math Readiness & Response System | Grades 4–8

For principals and site-level instructional leaders

THE SCHOOL PROBLEM

Teachers must move forward with grade-level mathematics while students arrive with different levels of prerequisite readiness. START-STRONG MATH helps teachers identify selected readiness needs and turn focused evidence into immediate instructional response - without replacing the adopted core curriculum or requiring another student technology platform.

HOW IT WORKS

- 20-Day Structured Readiness Launch
- IDENTIFY → INTERPRET → RESPOND → RECHECK
- Day 20: Transition to Responsive Use
- Selective yearlong reentry when instructional triggers occur

ONE SYSTEM. TWO CLASSROOM PATHWAYS.

- Grades 4–5: classroom → flexible groups → individual students where useful
- Grades 6–8: class section → meaningful subgroup → individual student where necessary

THE DIFFERENTIATOR

Application & Reasoning Layer

The Math Strategy Game Library is an integral structural component of START-STRONG MATH - not a bonus. Where supported by each game's design, students apply mathematics through strategic decisions, discussion, differentiated practice, problem solving, review, enrichment, and reasoning.

READINESS → RESPONSE → APPLICATION & REASONING

WHAT TEACHERS RECEIVE

Grades 4–5	Grades 6–8	Application & Reasoning
Readiness & response pathway	Readiness & response pathway	Math Strategy Game Library Grades 4–8

MANAGEABLE BY DESIGN

- No publisher-hosted student accounts
- No routine student PII transmission to UGEDU
- No requirement to grade every Quick Check
- No daily administrator reporting
- Post-Day-20 use is trigger-driven, not daily compliance

WHAT IT IS NOT

- Not a replacement core curriculum
- Not a standardized diagnostic assessment
- Not a universal screener
- Not an adaptive assessment platform
- No guaranteed test-score claims

INSTITUTIONAL PATHWAY

90-Day Institutional Pilot	Annual Site License	Multi-Site
\$495 / site	\$1,495 / site / year	2–4: \$1,395/site
100% pilot credit toward first annual license when converted within 60 calendar days after pilot completion.	Schoolwide rights for all eligible Grades 4–8 educators at one licensed site.	5–9: \$1,295/site
		10+: Custom quote
		Current institutional pricing.

NEXT STEP: Request a 90-Day Institutional Pilot or school-site quote.
